Aerial View of Thomasville Furniture Industries Plant

The above picture shows a view of the Thomasville Furniture Industries plant being constructed in Appomattox that not many of us have seen - an aerial view.

Progress at the site is moving along rapidly at this point and a completion date has been set for the fourth quarter of this year.

The hiring of some employees has already taken place with some maintainance workers and a few production people already at work.

The "small" building seen in the front is the office building and construction on this is moving right along, too. In the background you can see the railroad tracks that go right into the plant. There are ten acres under roof at this plant and employment will start at approximately 200 persons and will in the future advance to 700 employees.

Citizens of Appomattox County are proud that Thomasville Furniture Industries picked our town to build this fine furniture factory and look forward to the completion date.

An Open Letter To The People Of Appomattox

Lynchburg General Hospital is indeed fortunate to have friends, like those in your fine community, who have so generously and unselfishly supported our Campaign for Additions, Renovations and Efficiency (CARE). One of the most outstanding examples of initiative and concern, thus far, was demonstrated last week when five Appomattox ladies presented me with a check in excess of $1200, to be designated for the Cobalt Therapy portion of our CARE program.

The laides responsible for this generous gift, Mrs. Doris Burrell, Mrs. Christine Ferguson, Mrs. Flossie Sweeney, Mrs. Fay Crowe and Mrs. Iris Woody, have our sincere appreciation for their hard work and enthusiasm. As requested, this gift will be donated in the name of Mrs. Dorothy Goodman Bryant and used to help provide Cobalt Therapy for cancer patients in our region.

A special note of thanks goes to those who helped them raise the gift through bake sales, car washes and other projects, as well as those who contributed.

Because of the response to our appeal generated by the citizens of Appomattox, others will be encouraged to support the CARE program thus making its goals a reality. The present and future health care needs of our broad community will be met because you CARE. We are deeply indebted.

Raymond E. Hogan,
Executive Vice-President
Lynchburg General Hospital
